

CYPRUS' EUROPEAN ACCESSION AND THE GREEK-TURKISH RIVALRY

Cyprus as a member of the EU: Challenges and Prospects

Turkish Cypriot Perspectives on Accession (OUTLINE)

MUSTAFA AKINCI

- What do the opinion polls say?
(Opinion polls conducted in the last 5 years in the Turkish Cypriot community by a reliable firm (Comar-Kadem) show very clearly that a high percentage of Turkish Cypriots favor solution and accession)
- What is the reason for that? Can it be explained only by the economic prospects? Or is it more than that?
- Brief remarks on the positions of the parties.
- Dangers ahead (what potential dangers can we expect after the 16th of April when a divided Cyprus becomes a member of the EU and the existing positions do not change?)
- What can be done before and after the 16th? Can “Annan Plan” survive any longer?
