

NIH Institutes & Centers (IC) ~ Deadlines for the three types of Recovery Act funded Supplements

Note that most centers have posted deadlines; only a few remain to be determined.

Every IC has posted very specific guidelines as to what it will fund – areas of interest, funding mechanisms, amounts, and circumstances in which its own instructions supersede those of the general announcements.

PLEASE read the IC listing carefully before preparing an application. If in doubt, call your program officer for questions.

Competitive Revisions (Competing Supplements)
