New **Product Search Layout**

Secondary searches moved for a clean, fresh look!

New **Product Search Result Layout**

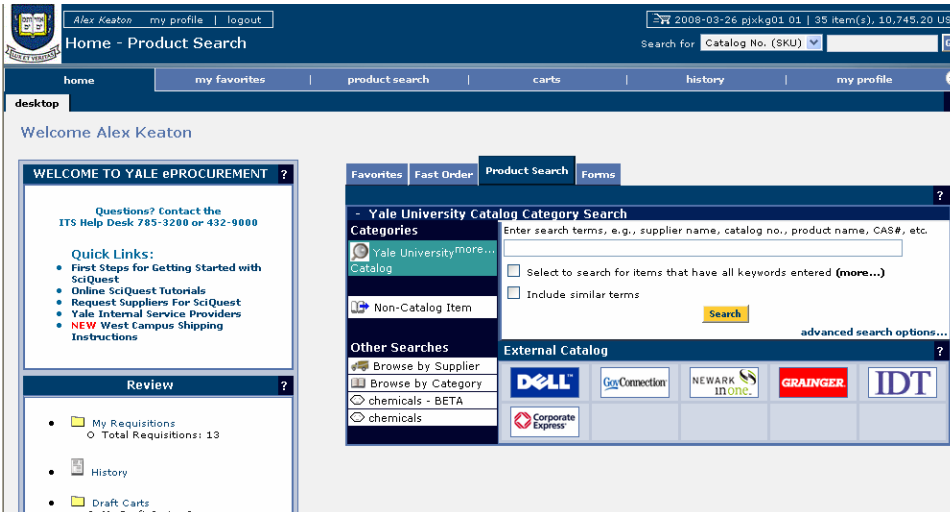

Updated to show more search results on the page!

New **Product Images in Product Search Results**

Save a Click! Photos now displayed in search results!

New Improved Look and Feel - The look of SciQuest has been updated.

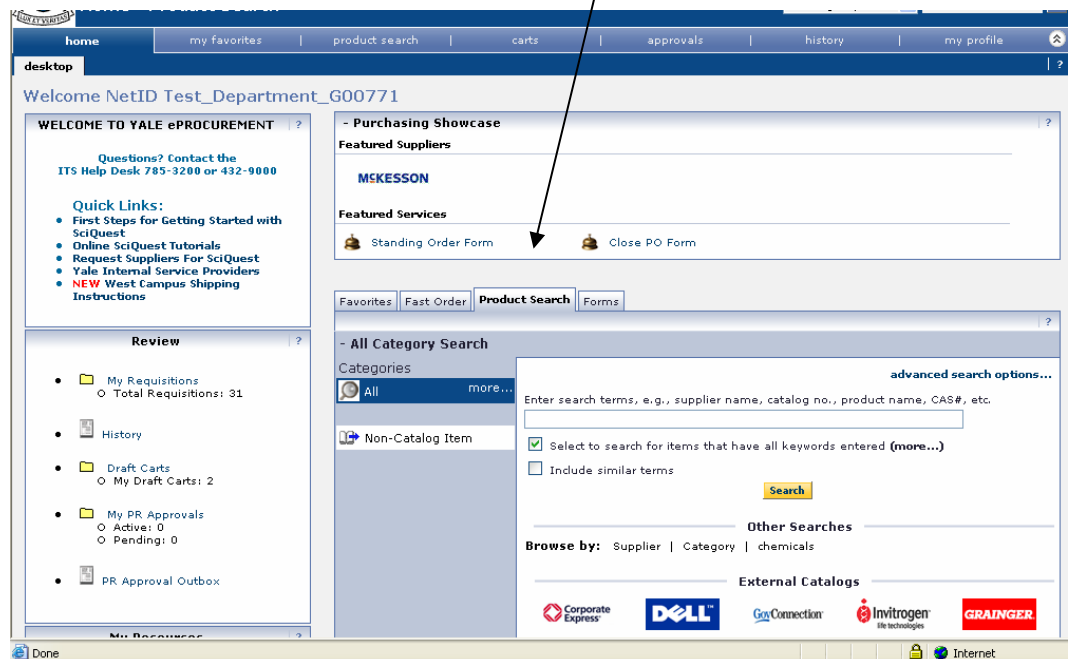

- You will see a new "Gradient" style that is lighter and more modern. The lines in the application are softer and not as defined.
- Hyperlinks identified by a change in text color AND underline when the cursor passes over.
- Tables and lists that use alternating colors to define lines have been reformatted and are separated by a thin line.

Old
Look And Feel

New Purchasing Showcase

- Accessed from the Home Page and the Product Search Page
- Capability to highlight Featured Suppliers along with suggested methods to purchase the products. Clicking the supplier name or caption will open a small window displaying additional choices.
- Also featured is quick access to Forms such as the Standing Order and Close PO Form.

Purchasing Showcase

New Product Search Layout

- The layout of the Product Search page has changed with a more logical placement of secondary searches

Old Product Search Layout

The screenshot shows the 'Old Product Search Layout'. At the top, there are navigation tabs: 'Favorites', 'Fast Order', 'Product Search' (selected), and 'Forms'. Below the tabs is a header for '- Yale University Catalog Category Search'. On the left, there is a 'Categories' sidebar with 'Yale University Catalog' and 'Non-Catalog Item'. Below that is an 'Other Searches' section with links for 'Browse by Supplier', 'Browse by Category', 'chemicals - BETA', and 'chemicals'. The main search area contains a search input field, a 'Search' button, and checkboxes for 'Select to search for items that have all keywords entered (more...)' and 'Include similar terms'. At the bottom, there is an 'External Catalog' section with logos for Corporate Express, DELL, GovConnection, Invitrogen, NEWARK in One, GRAINGER, and IDT.

Other Searches Moved

The screenshot shows the 'New Product Search Layout'. It features the same navigation tabs at the top. The header is now '- All Category Search'. The 'Categories' sidebar on the left is simplified, showing 'All' and 'Non-Catalog Item'. The 'Other Searches' section has been moved from the sidebar to the main content area, appearing as 'Browse by: Supplier | Category | chemicals'. The search input field, 'Search' button, and checkboxes are in the same positions as in the old layout. The 'External Catalogs' section at the bottom now only displays logos for Corporate Express, DELL, GovConnection, Invitrogen, and GRAINGER.

New Product Search Layout

New Product Search Results Layout

- Filters for search results have been updated to show more search results on the page.

Old: Select to filter by Supplier AND Select to filter by Category have been moved.

Weight	Supplier	Category	Catalog #	Product Description	UOM	Product Size	Price	Quantity	Add to Cart	Select
100	KLINE STOCKROOM AT YALE UNIVERSITY	Beakers	720065	Nalgene - Beaker 30ml Griffin Low-Form Polyprop	EA	30mL	1.29 USD	1		<input type="checkbox"/>
100	KLINE STOCKROOM AT YALE UNIVERSITY	Beakers	720066	Nalgene - Beaker 50ml Griffin Low-Form Polyprop	EA	50mL	1.29 USD	1		<input type="checkbox"/>
