Friday, February 6th

SAYBROOK

Monday, February 9

SILLIMAN

Tuesday, February 10

EZRA STILES

Wednesday, February 11

TRUMBULL

Friday, February 13

Being Safe at Yale is Simple!

Be safe. Don't walk alone! Walk with your favorite friend. Take the new Central/Science Loop Shuttle for your lab class. Call *To-Walk* at 2-9255 or 5-5555 when your friends aren't with you.

New Central/Science Loop Shuttle schedule and map info at www.yale.edu/hronline/parkingandtransit/centralscienceshuttle.

Lock your suite door in your college. Would you leave your family's house unlocked? Of course not! Leaving a door unlocked or propped open jeopardizes your college community and makes everyone feel unsafe.

Want to be on Yale TV? Join the new not-ready-for-primetime SECURITY AWARENESS players group!
E-mail susan.daria.burhans@yale.edu for more info.

Secure your laptop! Laptops should never be alone. Keep them in view all the time.

Deter a laptop thief. Get the **STOP** program and nationally register your laptop. Buy a computer cable lock, which is available at the bookstore.

Recover your laptop if lost or stolen by purchasing **zTRACE**, an effective, new, recovery software. Visit www.yale.edu/securityawareness for all the details.

In partnership with university police and security programs we hope to reduce crime and high risk activity by creating and promoting an environment that supports healthy, informed choices. By practicing a positive approach to prevention, we are committed to achieving a better quality of life for our community.
