Rideshare Application

2-Person

The Rideshare Program offers a 60% reduction in the price of campus parking to each member of a 2-person carpool. The goal is to reduce the demand for parking spaces. On-campus parking is limited and represents a significant cost to the university. Please note that only Benefits-eligible employees may participate. Casual employees are not eligible.

Payroll Deduction Authorization Only: I authorize a Weekly/Bi-Weekly/Monthly reduction in accordance with the applicable rates. I understand that this deduction will continue until cancelled in writing and all tags/permits and access devices are returned.

Benefit Level Employees Only: I understand that I am participating in the Yale University Qualified Parking Benefits Plan and acknowledge that my qualified parking payments will be made through salary reduction unless I have provided written notice to the Parking Office that I do not wish to participate in this plan.

Yale University reserves the right to rescind a permit at any time, or to suspend parking in any and all lots on a temporary or permanent basis. I understand that any parking permit issued to me is a license to park my vehicle in the designated lot at my own risk, that Yale University does not undertake to provide surveillance or supervision of such lot, that my use of the Parking permit will not constitute Yale a bailee of my vehicle or its contents, and that neither Yale nor any of its employees will be responsible for theft or damage to my vehicle or its contents while on University property. I also agree that only one of my vehicles will be parked in any Yale University lot at one time, stickers issued to me as the permittee are not transferable and that falsification of my application and or permit may result in revocation of my parking privileges.
